Please take a few minutes to write some lines about your learning experience at International House Newcastle. I think I would have benefited from a different structure. For example, I do better with a lesson, followed by activities. I felt I wasn't really able to apply the grammatical information as well as I should have because we did more activities that didn't really require us to. However, I really appreciated that the entire module was in Spanish, and that we were given a lot of opportunity to talk and participate. There was nothing at all bad about the class, just not the learning style that works best for me.  
 Thank you for a really enjoyable class!
